ALUMA BRIGHT H.D.
Aluminum Cleaner and Brightener

ALUMA BRIGHT H.D. is an acid type industrial aluminum cleaner and brightener designed to remove dirt, grease, exhaust stains, road film, and oxidation from even the dirtiest surface. The surfactants and penetrates contained in ALUMA BRIGHT H.D. promote the rapid emulsification of soils and cut cleaning time to a minimum. ALUMA BRIGHT H.D. is a concentrate it may be diluted as much as 1:50 with water making it very economical to use. ALUMA BRIGHT H.D. is as easy to use as simply getting the solution onto the surface to be cleaned. The acid components of ALUMA BRIGHT H.D. will clean and etch the surface with minimal agitation from a pressure washer spray.

FOR USE BY:
- Airports
- Bus Lines
- Corrections
- Daycares
- Hospitals
- Hotels/Motels
- Kitchens
- Medical Buildings
- Military Facilities
- Nursing Homes
- Packaging Plants
- Parks and Rec.
- Processing Plants
- Restaurants
- Schools
- Trucking Co.

FOR USE ON:
- Aircraft
- Boats
- Buildings
- Chairs
- Fencing
- Fuel Tanks
- Rails
- Machine Parts
- Racks
- Stairs
- Tool Boxes
- Trailers
- Tractors
- Wheelchairs
- Window Frame

FEATURE-BENEFIT:
- Brightens
- Cleans
- Easy to Use
- Economical
- Effective
- Removes Oxidation
- Renews Appearance
- Etches

DIRECTIONS:
50:1 dilution ratio is recommended for most general industrial cleaning, it will depend on the surface to be cleaned and the amount and type of soil, repeat application as needed.

10:1 dilution ratio for heavy duty industrial cleaning, repeat as needed.

May be applied by brush, dip, or sprayed on with a high pressure washer. Always apply from the bottom up. When spraying use a coarse pattern as possible to avoid inhalation of mist. Allow to soak for no more than 2 to 3 minutes, and rinse thoroughly with water. Do not allow product to dry. Plastic or polyethylene sprayers and buckets are recommended.

Contains hydrofluoric acid and should be handled with care and proper safety equipment. If recommended exposure limits are exceeded wear a NIOSH approved for hydrogen respirator, gloves, goggles, and face shield. Use with adequate ventilation. Do not breathe vapors or mists.

TECHNICAL DATA:
- Appearance: Clear Liquid
- Fragrance: Acid
- Specific gravity: 1.09
- pH: 1.0
- Stability: 1 year
- Solubility: Complete in water
