ONE SHOT

ALKALI DRAIN OPENER

ONE SHOT is a ready to use, non-fuming, non-acid drain opener. ONE SHOT is an instant drain opener and line maintainer that removes all organic obstructions without the hazards of an acid drain opener. ONE SHOT can be used anywhere and works great through standing water in toilets, sinks, drinking fountains, urinals, x-ray sinks and grease traps. All you have to do is pour in 6 to 16 ounces in your drain, wait a few minutes, and the clog is gone. Another thing that is great about it, is that with regular use (once a week), it will provide continual drain maintenance for those stubborn sluggish and frequently clogged drains.
