PURE FLOAT
FLOATING LIFT STATION DEGREASER

PURE FLOAT is a petroleum free floating lift station degreaser. The all natural formula of 100% pure d’limonene creates a natural way to dissolve grease while simultaneously combating odors. PURE FLOAT provides a deodorizer with continuous cleaning action for the wet walls of lift stations. Because the formula is 100% d’limonene it is lighter than water allowing it to float on the top. As the water lowers and rises it then maintains the wet walls. The d’limonene is derived from oranges providing a fresh citrus fragrance. PURE FLOAT quickly dissolves heavy grease and fat accumulations and will not affect any bacterial action making this the ideal choice for all lift stations.
