

# STALLS TO THE WALLS

## MULTI PURPOSE FOAM CLEANER

**STALLS TO THE WALLS** is a single product for total bathroom cleaning. It is specially formulated for use on all bathroom surfaces from the walls to the stalls, including toilet bowls, urinals, sinks, countertops, fixtures, tile, glass and even mirrors. **STALLS TO THE WALLS** is a chemical-bacterial blend of biodegradable cleaners and enzyme producing bacteria which work together to safely dissolve and digest organic deposits that cause stains and odors. The fresh clean scent pleasantly deodorizes as the natural biological action destroys organic wastes without acids or caustics. **STALLS TO THE WALLS** liquefies and removes urine salts but will not harm plumbing or other fixtures. The enzymatic cleaning action continues to work in pipes, drains and waste systems.
